# A Warrior Prayer

O Mary, Queen of Heaven, Mother most powerful, you were prefigured by the heroic women of old, who teach us the might of a mother's love. As the new Eve, you bore the Divine Warrior who crushed the power of the serpent.

Ark of the Covenant, you carried God Himself in your womb, a vessel of His abiding presence.

Through the Rosary, you bring down empires; through humility, you crush the weapons of pride. Silent at the Cross you shake the earth with the thundering obedience of your Fiat.

At Lepanto, at Guadalupe, in countless victories of faith, you have shown that true victory lies in surrender to God.

O Mary, aid us with your prayers; arm us with your virtues, and lead us to your Son, that we may triumph in the battles of each day.

**Amen**
